

OHI1SCAN

Portable

Affordable

Quick & Easy

Cloud-Based Scanning Technology at its Best!

Use OHI1Scan to Bundle CDIs and Footwear

Ohi1Scan provides cloud-based technology for all your scanning needs. Cloud-based technology provides the flexibility of transitioning between the iPad and your office computer seamlessly. Choose to use the Web App on your office computer to set up patients OR do it on the spot in the exam room. Capture CDI scans quickly and easily using the iPad + Structure Sensor Scanner. Scans appear on the Web App and on the iPad ready to be attached to your order form. Track the progress of your orders at a glance through the dashboard on your computer. After completion, you will receive the same high-quality custom diabetic inserts you've come to expect from Apex. Footwear and CDI orders will be bundled and shipped together.

All you need to get started is a Structure Sensor to be used along with your iPad. Use your hardware to download our cloud-based App, and you're all set!
